Remember?

Remember all of the good times we've had at Tech - the rallies, the football games, Tantrums, and the dances? Remember all of the teachers and friends who have been so much a part of our Tech life?

This year's Tiger has been put together for the purpose of helping us to remember these good times and wonderful people. Although the '59 yearbook has the usual divisions, a different approach has been used. The theme "Remember" has been carried out on each division page and we are sure that many of them will help you to recall some of the highlights in your life at Tech. The administration and department sections will help you to appreciate the valuable education that you have received here. The sports, activities, and class sections will bring to mind the good times.

One section has been dedicated to the Seniors, another to the Juniors, and a third to the Freshmen. This was done in order to help you remember Tech through past friends and acquaintances. The senior section includes the individual pictures, the class ballot, and the log. The junior and frosh sections are composed of the homeroom pictures and the

class logs.

One of the popular sections of the Tiger is the activities section. Here are listed the many activities that make Tech life interesting and rewarding. Tech will always be remembered as a school of pupil participation, making this section one of the most fascinating over which to reminisce.

Tech life cannot be spoken of without mention of sports. Our teams have fared well. Proper dedication is due for the Tech teams in their moments of glory. Remember the fall breezes that carried the scent of the gridiron? Remember the blazing sun that beat down on the baseball diamond? These were the times that were spent in cheering for Tech teams. They will play an important part of your reverie.

Your yearbook is merely a tool to help you remember Tech. We hope that we have included the memories that meant so much to you and your friends. But most of all, if we have succeeded in making Tech a heritage rather than just a mere memory, then we, the Tech Tiger Staff, have indeed fulfilled our purpose.

R E

M E M B E R ?

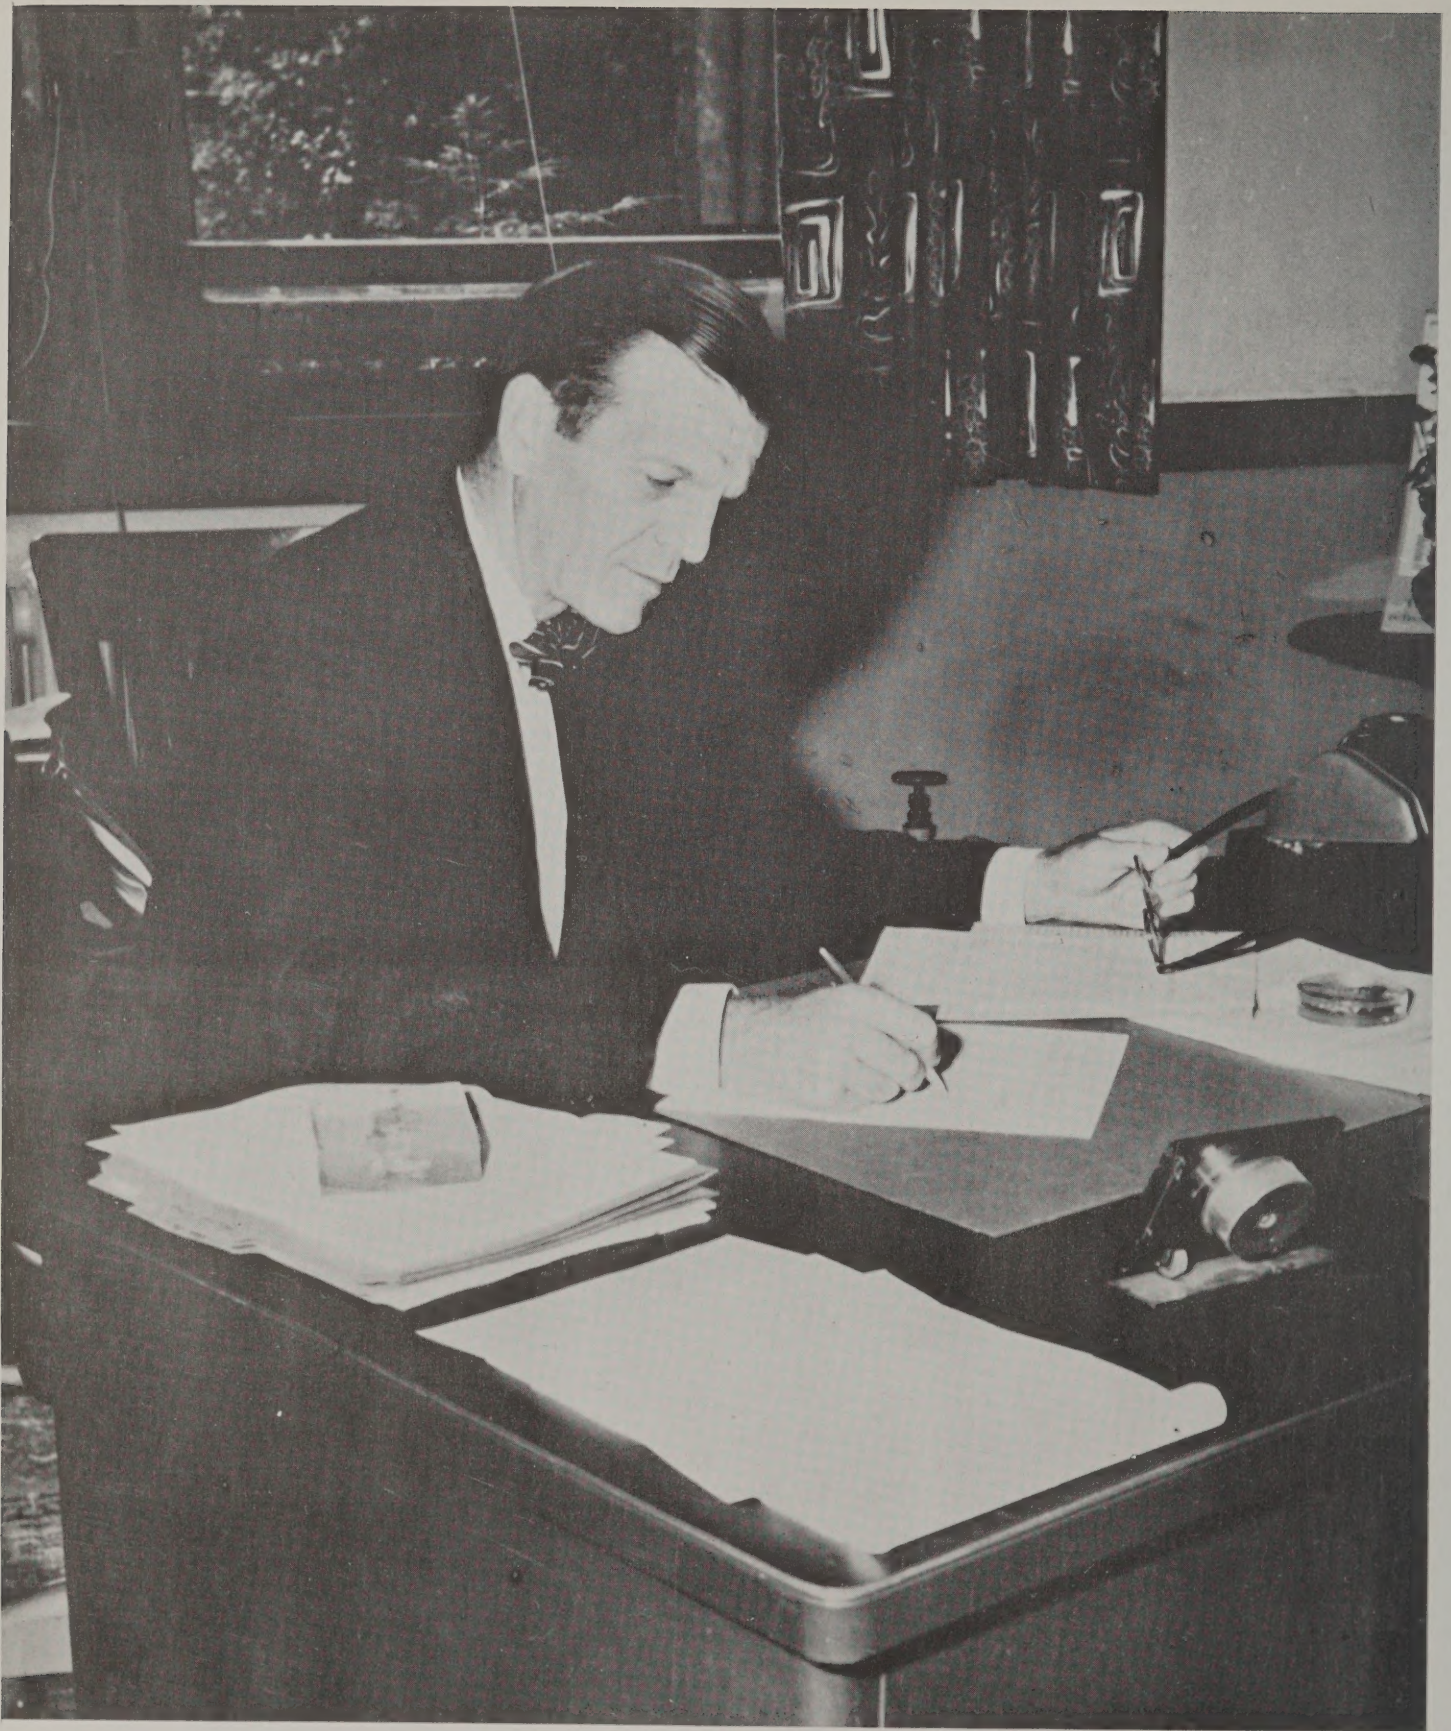

As you think back, you will find it easy to remember those in the Administration Department, for it is the service they performed that kept our program running smoothly. First there is our hard working principal, Mr. Donald G. Gifford, who is in charge of everything from arranging programs to filling out college applications for hopeful seniors. Helping Mr. Gifford are Mr. Belding F. Jackson and Mr. Melvin A. Lynch, our assistant principals.

If you ever forgot your lunch, gym suit, lunch money, or sewing equipment, you became acquainted with the office staff. However, everyone will remember the office staff when they recall the efficiency with which the office functioned in keeping all records in order.

The guidance staff, that aids students with school work, helps to find jobs for them, and smooths out any difficulties that they may have, will be remembered by all. It was in the counselors' office that we discussed our future, and it is now in the future that we can remember our well qualified guidance counselors.

When we remember the way our school has been kept spic and span and the wonderful food served at our school, we must remember the people behind the scenes; the custodians and lunch room workers who served our school to the utmost.

When asked about "remembering," Mr. Gifford our principal said, "At so many Tech reunions the administrators of Tech were remembered, but I feel that it is a two-way street and that they also remember the students and their wonderful Tech Spirit."

SEATED, left to right: Alfred Powers, Charles Powers, Mrs. Adriana Galanes, Miss Elaine Bartley, George Comer, William Dolan. STANDING: Laurence Spencer, John Haynes, William Ahern, William Mara, William Donovan, Charleton Guild, and David Lawrence. NOT SHOWN: Robert Pasini, Dorothy Marotte, Mary Gloster, and Janet Hawkens.

Among the new personanues who have entered into the Tech spirit are eighteen new faculty members. One of the largest faculties in years, there are twelve new teachers and six replacements.

New additions to the fast growing Math Department are Mr. Charles Powers, Mr. William Donovan, Mr. John Haynes, and Mr. Charleton Guild. Mr. Powers has had past teaching experience in Colorado and Cincinnati before coming to Tech. Mr. Donovan, a graduate of Harvard University, is well qualified for his post. Mr. Haynes, who is used to small high schools throughout Massachusetts, finds Tech quite large. For Mr. Guild, teaching math is a new experience, as he previously taught English.

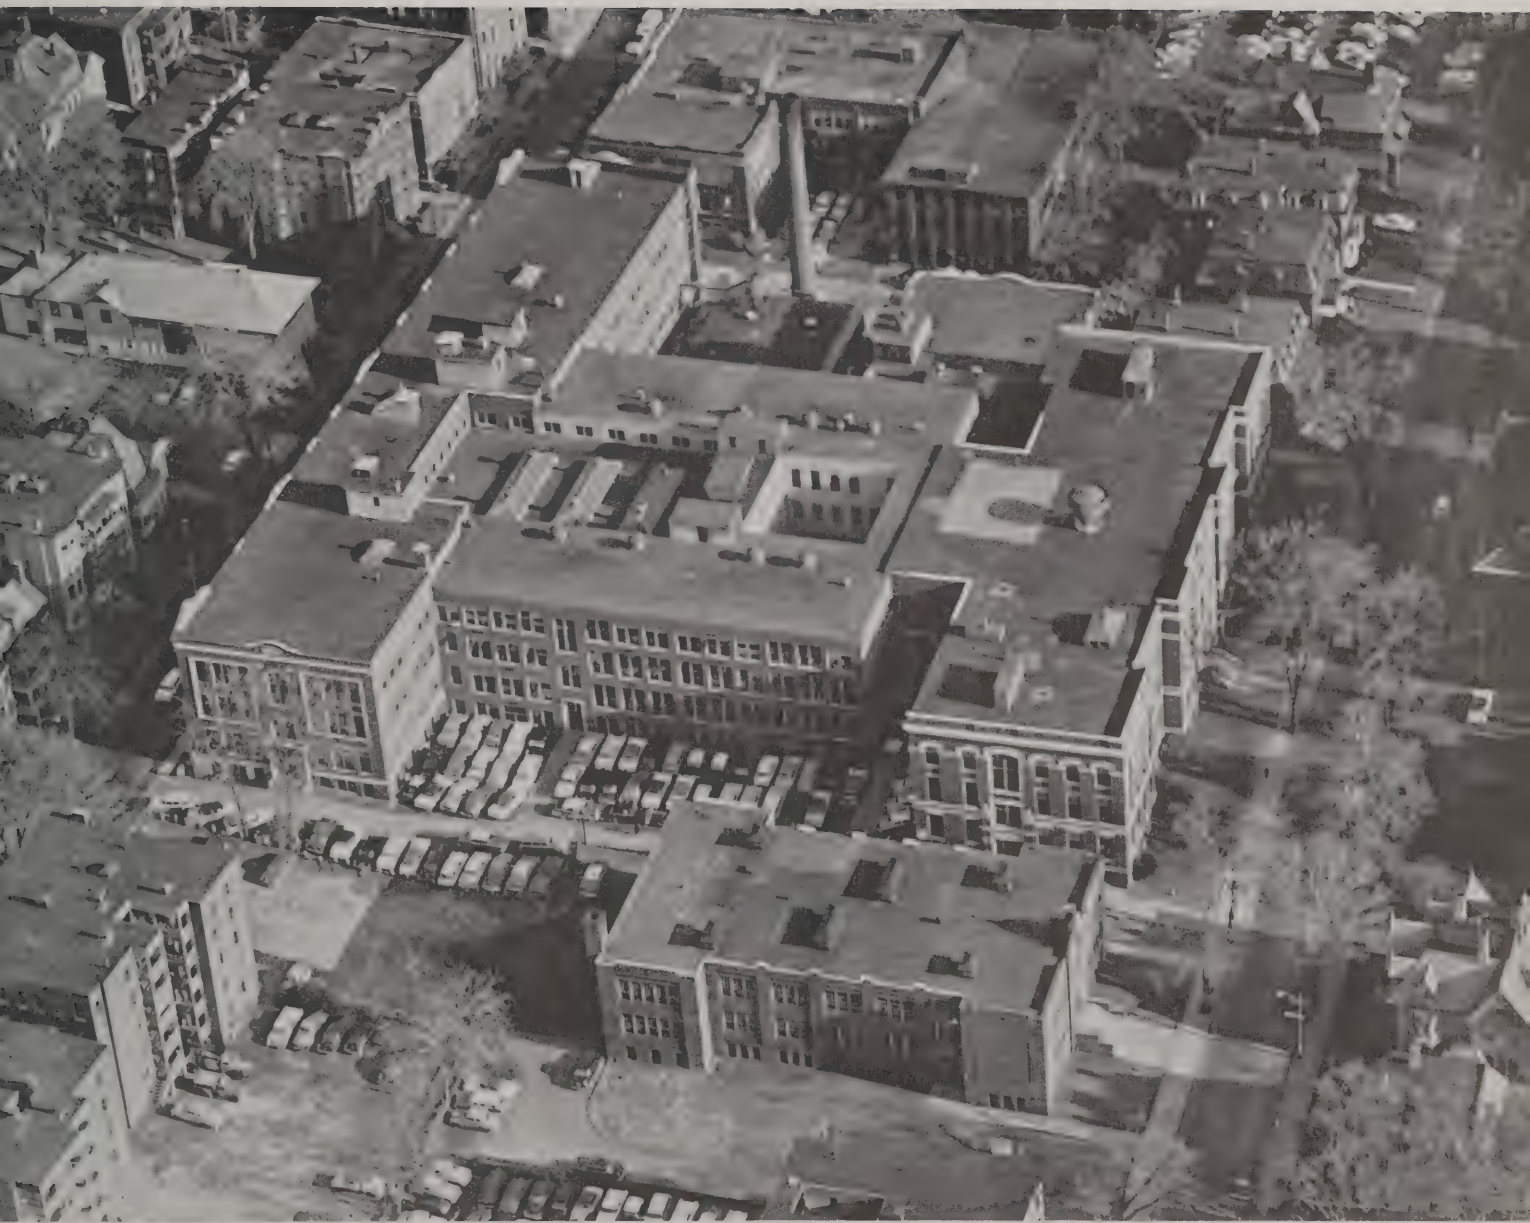

The English Department took on three new teachers: Miss Elaine Bartley, Mr. William Mara, and Mr. Thomas Dunn. Before coming to Tech, Miss Bartley taught in junior highs in Windsor, Connecticut and Springfield. Mr. Mara is a graduate of Holy Cross College, Clark University, and received his Bachelor of Arts degree and Master of Education. Mr. Dunn, after having had experience in radio and television work, has returned to Tech after a year's leave of absence.

New teachers in Tech's advanced Science Department are Mr. George Comer, Mr. William Dolan, Mr. Lawrence Spencer, and Mr. Robert Pasini. Mr. Comer, Tech's new biology teacher, has past teaching experience in California. A former worker on the Springfield Police Force, Mr. Dolan attended American International College. Mr. Spencer, a teacher of physics and physiography, is back at teaching after being employed as a photographic

supervisor in a local plant. Mr. Pasini, a biology and physiology teacher, was graduated from the University of Massachusetts, Boston University, and Springfield College.

Other new personalities include Mr. Alfred Powers, Mrs. Adriana Galanes, Mr. William Ahern, Mr. David Lawrence, Miss Dorothy Marotte, Miss Mary Gloster, and Miss Janet Hawkens. Mr. Powers, a new shop teacher at Tech, hails from Brockton, Massachusetts, and is a holder of the Master's Degree and the Bachelor of Science degree. Mrs. Galanes, Tech's newest Spanish teacher, was born in Caquas, Puerto Rico and attended Smith College and Siena Heights College. The newest addition to the History Department is Mr. Ahern, a former student of Technical High School, and a past teacher in junior high schools. Mr. Lawrence, new to the counselors' department, received his Bachelor of Science degree and his Master's degree at Boston University. Miss Marotte, girls' physical education instructor, has been teaching in the Springfield School System for three years. Miss Gloster, who is a graduate of Our Lady of Elms College, Columbus University, St. John's College, and Mercy Hospital School of Nursing, has been assigned to the auxiliary class. Miss Janet Hawkens, who is new to the Home Economics Department, studied at the University of Massachusetts and received her Master's degree at the Women's College of the University of North Carolina. Before coming to Tech she taught at the University of Connecticut.

All of the students at Tech join in welcoming these new teachers to the school.

R E

MEMBER ?

Now, as our years at Tech are rapidly coming to a close, we begin to wonder which things we'll remember and look back on a few years from now. Naturally, our first thought is of the Senior Prom, the banquet, the football games, and all the rest of Tech's social life. All of a sudden, another idea creeps into our minds. What is this other idea? You guessed it, our classes. Yes, our classes! A good deal of our high school days have been spent in this necessary evil called a classroom trying to figure out a "crazy" trig problem, attempting to translate a "boring" French story, or performing a chemistry experiment that somehow didn't seem to work the way we wanted it to. They may all seem unimportant to us now, but as we continue on to college or take various jobs, you can bet we'll be thankful for them.

Tech has given us a wonderful opportunity that we couldn't have gotten in some schools — the opportunity to make ourselves well-rounded students. Besides its excellent science and math programs, it has the "little extras" that help to make the day more interesting. We can relax from the usual routine and take home economics, shop, art, gym, or typing, and we can join one of the glee clubs or the band. These are the things that help to make the good student.

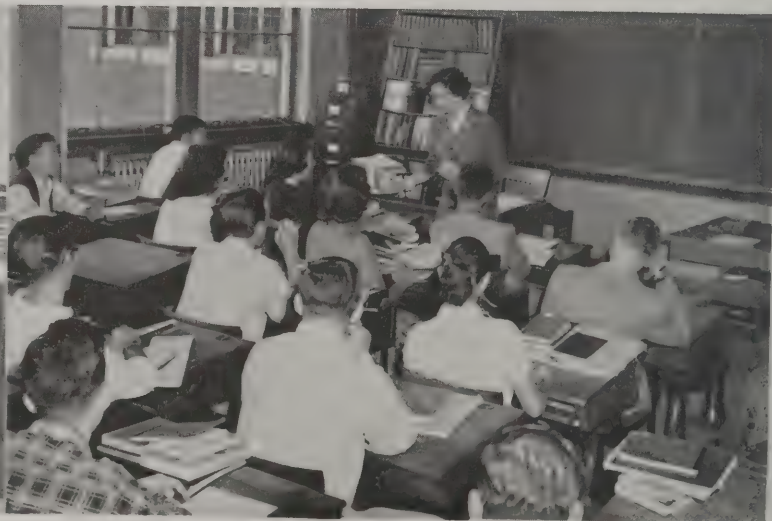

Well, our high school career is practically over. It doesn't seem quite possible, but it is. We really have learned a lot at Tech, so when we say "WE'LL REMEMBER" we're thinking of our classes too.

M E M B E R ?

Remember coming to Tech as "inexperienced" freshmen three years ago? Even on that first day we, the class of '59, were given a real Tech reception and had the honor of being the first class to use Student Handbooks. As freshmen, we elected Ted Theocles, President; Lois Mifflin, Vice-President; Judy Abbott, Treasurer; Judy Falt, Secretary, as our first slate of officers. Our freshman informal in April was appropriately titled "April Showers."

With the start of our junior year, we were urged to think seriously of the future, college or work. Our class officers for the year were as follows: Barry West, President; Judy Falt, Vice-President; Bob Dobek, Treasurer; Cindy Shaw, Secretary. At our junior informal "Snow by Starlight," we started the new custom of having a local caterer serve refreshments. We ended our second year at Tech with the traditional Junior Prom. The theme of Spring was carried out with pastel flowers and a maypole.

Finally came our third year at Tech. We were seniors at last. After the first few days of scurried activity and wearing of our black and white senior hats, we settled down to making our senior year one worth remembering. Under the direction of our class officers Eric Stilphen, President; Tony Romano, Vice-President; Bob Dobek, Treasurer; Betty Decaro, Secretary — we formed our Class Ballot, Will, Prophecy, and Constitution. Our fall dance "Harvest Moon" was decorated with scarecrows, pumpkins, and fall-colored streamers. At our winter semi-formal, we crowned the king and queen of our class. Following the usual tradition, we had our Class Banquet and then, the long-awaited Senior Prom.

Although we are leaving Tech, we can take with us memories of the past three years — of our friends, of our teachers, and of our activities. We are now on our own, and we cannot yet realize what is ahead of us. Instead, let's look back on a wonderful three years.

W A R
ACHIEVE

PATRICIA ELIZABETH HURLEY

The Charles F. Warner Achievement Medal is awarded each year to the Senior boy and girl who have excelled in scholarship, school citizenship, and service.

Patricia Elizabeth Hurley, daughter of Mr. and Mrs. John P. Hurley of 131 Marsden Street, is one of the winners this year. Pat has an unusually fine record to show for her three years at Tech. Scholastically, she is at the top of her class of 475. While maintaining this three-year Pro-Merito rating, she was a two-year member of the Tech Tiger staff and editor-in-chief her senior year, as well as being active in club work, social activities of her class and school, Tantrums, and girls' athletics. Last year she received the Class of 1949 Book Award made to the outstanding Junior girl. She was Tech's representative to Good Government Day at Boston this year.

Congratulations to Pat Hurley from all of us!

KENNETH EDWARD FIFE

Kenneth Edward Fife, son of Mr. and Mrs. Edwin K. Fife of 1 Hickory Hill Drive, Wilbraham, is the second winner of the Warner Achievement Medal.

Ken has a fine scholastic record, standing in the top five percent of his class of 475 members. He has been active in science activities, a member of the Engineering and Archery Clubs, and a delegate to Boys' State his Junior year. He is a two-year member of the Pro-Merito Honor Society.

Congratulations to Ken Fife from all of us!

MEMBER?

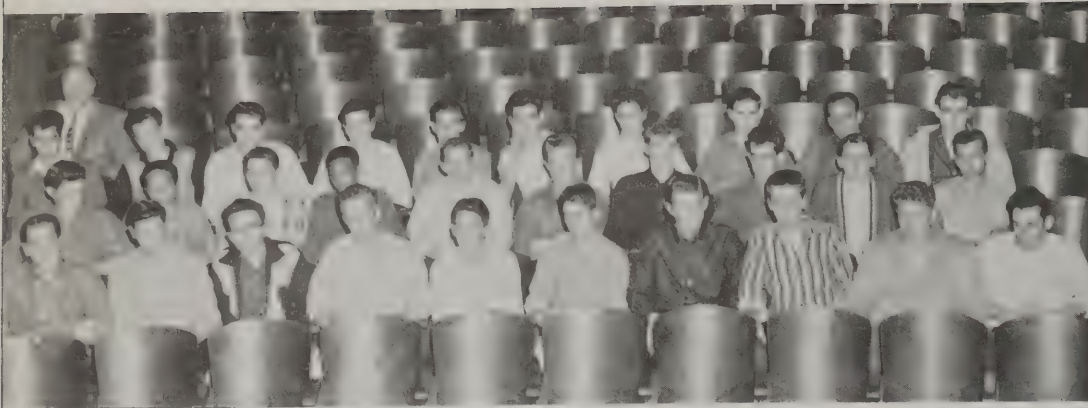

It seems like only yesterday when we were bewildered and very confused freshmen. Now we are almost seniors with many wonderful memories to recall.

Remember how hard we had to work at first to keep our grades up, but wasn't it worth it? Can you ever forget our first Tech rally and weren't we proud when a freshman, Fred Lewis, became one of Tech's greatest football players? Who led the S.A. drive that year? We did, of course. Remember the colorful Black Cat Fiesta and Tantrums, where many Freshmen took part in the show? And wasn't that Frank Podosek a Freshman who took the first prize in physics at the Science Fair? Remember how anxiously we anticipated our own Freshman dance, Oriental Twilight, on May 16. How wonderful the transformed Tech gym looked, mostly because it was our own, not just another school dance. And who could forget our class officers that year: Buddy Daneo, President; Judy Barry, Vice-President; Linda Keating, Secretary; and Jean Stewart, Treasurer. They certainly helped make our Freshman year a success.

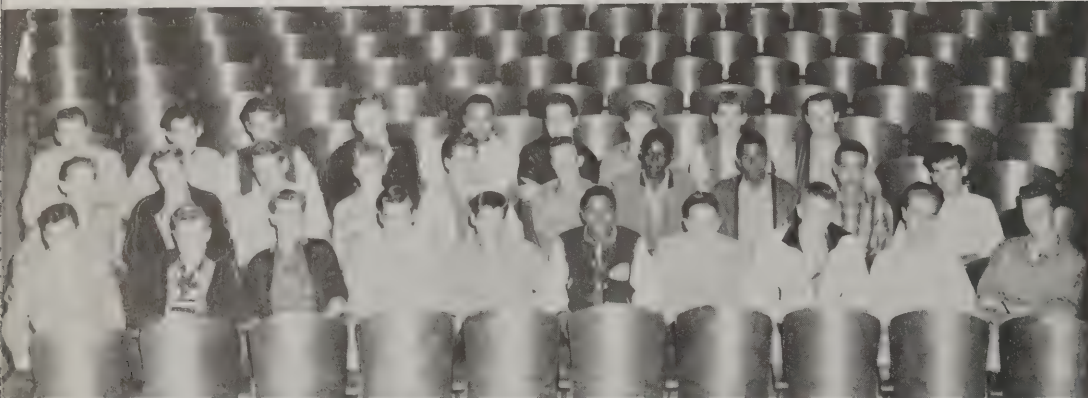

Our junior year was even more wonderful and exciting than the year before because now we were really in the swing of things. We had become accustomed to the routine of Tech and had settled down to lead the honor roll several times. Remember our two dances, Color Cascade in November, and, of course, the Junior Prom in May. Remember how wonderful your date looked and how both dances were such great successes? This year our class President was Al Boulerice, while all the other class officers were unchanged.

The days have flown by so fast it's hard to believe that we are now on the threshold of our Senior year, waiting to head the school and to become one of Technical High School's greatest classes.

M E M B E R ?

It was marvelous being freshmen at Tech! We can remember those first few days when we weren't too sure we'd like it, but after that "Tech Spirit" grabbed us, things began to change. We entered into the fun and excitement of the football games and cheered until we were hoarse. Some of us joined the pep squad or the band, and some even tried out for the football team. Still others of us went out for crew or soccer. All of these things made us feel like we were part of Tech. Before we knew it, it was time to choose our class officers. It was a hard job, but we finally picked Ray Beviving as president, Randy Adams as vice-president, Linda Thayer as secretary, and Linda Kretchmyer as treasurer. They did a fabulous job!

There were many other things that wove us into the fast moving life of Tech. The Science Fair gave us a chance to use the knowledge we had gained, and Tech Tantrums gave us a chance to show off our talents. Many of us were in the various choral groups and enjoyed working in the Christmas and Spring Concerts.

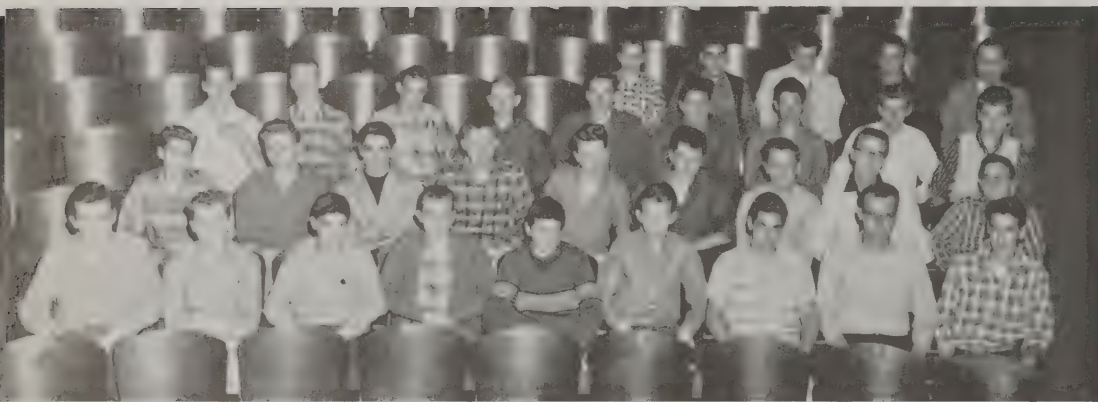

With all these activities, some people wonder what a Techite gets for marks. We showed them by having a number of us inducted into the Pro Merito Honor Society. The thing that crowned our year perfectly was the freshman dance. We really had a fabulous time planning it, putting up the decorations, and, of course, dancing. We even enjoyed "undecorating" the next morning.

As you can see, we certainly have a lot to remember about our first year at Tech. Our only hope is that our junior year will be as profitable and as much fun as our freshman year has been.

When you graduate from Tech, are you going to college, a school of specialized training, an apprenticeship, or a job? Wherever you go, you will not only be asked for your scholarship record, but also for your record of extra-curricula activities.

We at Tech are very proud of the range of activities. We have service groups such as the office aids, lunchroom workers, nurses' aids, stage crew, visual aids, student patrol, and Tech Store workers who give their time to the school. There are councils: the Student Council, Red Cross Council, and S. A. Board. There are clubs that help us with our hobbies like the Photography Club, Radio Club, Archery Club, Anglers' Club, and Rifle Club. The French Club, Radiation Club, G. A. A., Debating Club, and Drama Club give us after school time for a favorite subject. Those who are Pro Merito members have kept a 3.5 average in their marks. We help prepare ourselves for the future with the Future Nurses Club and Engineering Club. The Hi-Y, Tech Nisimaha, City Nisimaha, and Tech Gibs give us fun through the Y program. Also, during the year we have assemblies, Tech Tantrums, Festival of Music, Science Fair, Technicade, and Black Cat Fiesta; and Tech students again have a chance to be active. Last, but by no means least, are the active people of the Tech News and Tech Tiger.

The Tech News has kept us up to date on all Tech affairs and we remember that the first issue greeted us the very first day of school. The Tech Tiger is now helping us REMEMBER all of these events, for it is this section of the yearbook that includes all activities that show Tech to be a school with a well-rounded program.

Technical High School Band

THE SPRING CONCERT

Once again the music department of Tech shone in a sweeping success at its annual Spring Concert. The success of each group resulted from constant practice and excellent leadership.

Mr. Myers led the band in a selection that did justice to the band and its fine director. Continuing the program, the Boys' Octet, the Girls' Chorus, and the Boys' Glee Club did an equally fine job.

The Chorale gave its usual fine performance, and the Concert Choir followed, adding a professional touch to the program. The jackets worn by the Concert Choir were made by members of the Home Economics department.

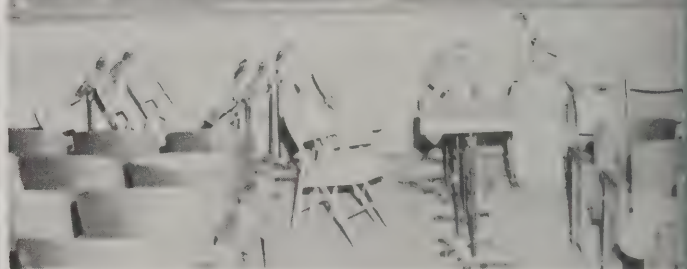

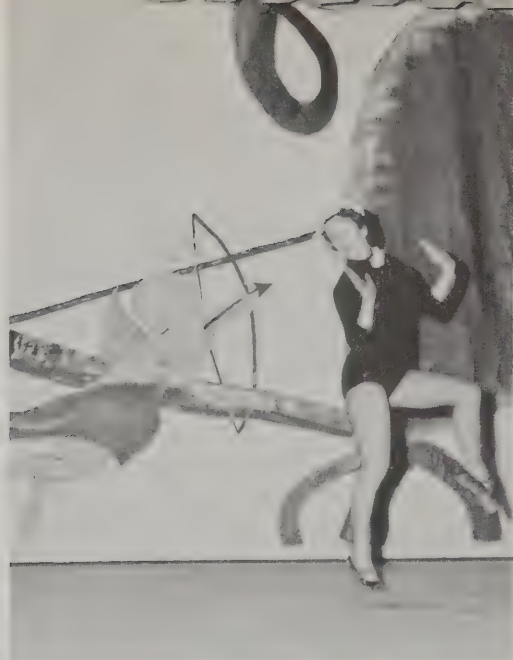

The evening was concluded with a stirring rendition of "Jacob's Ladder" by the combined choruses under the able direction of Mr. Kegerreis.

Mr. Warren Myers and Mr. Richard Kegerreis made the concert a great success in their first year here, and the Tiger Staff wishes to commend them for it.

Frank Podosek, first prize winner in physics

Science

First prize went to Frank Podosek for his exhibit of "Study of Cubical Expansion." Arthur Foss took second prize with his "Stroboscopic Effect," and Robert Jarvis took third prize with "Sub-Sonic Test Tunnel."

In the life sciences, the top awards went to three seniors. Arlaine Anderson's "The Activity of Germinating Pollen" was first; Cynthia Smith's "A Study of Cancer" was second; and Faith Robinson's "Hormones" placed third.

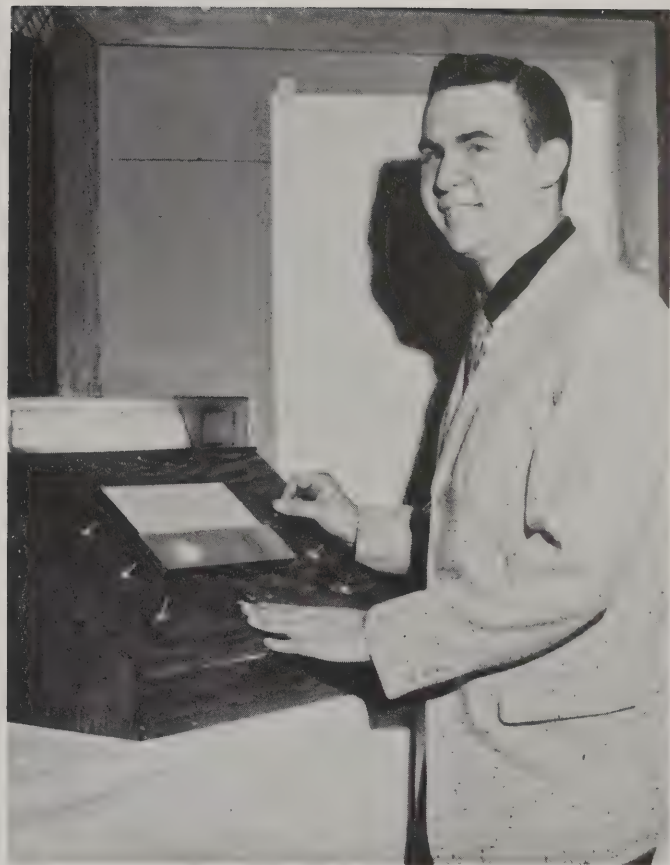

Katherine Voelker won first prize in chemistry with "Curiosities of Colloids"; Dave Collins placed second with "Synthesis of Polymethyl Acrylate"; and Beverly Wood received third prize for "Carbohydrates."

This year, as in every year, Technical High School presented the Tech Science Fair. The general public was invited to view science projects of every kind and description on subjects in physics, chemistry, life sciences, electronics, and a relatively new field, mathematics. First, second, and third prizes were given in each division along with a number of honorable mention awards.

Charles Rovell, Honorable Mention

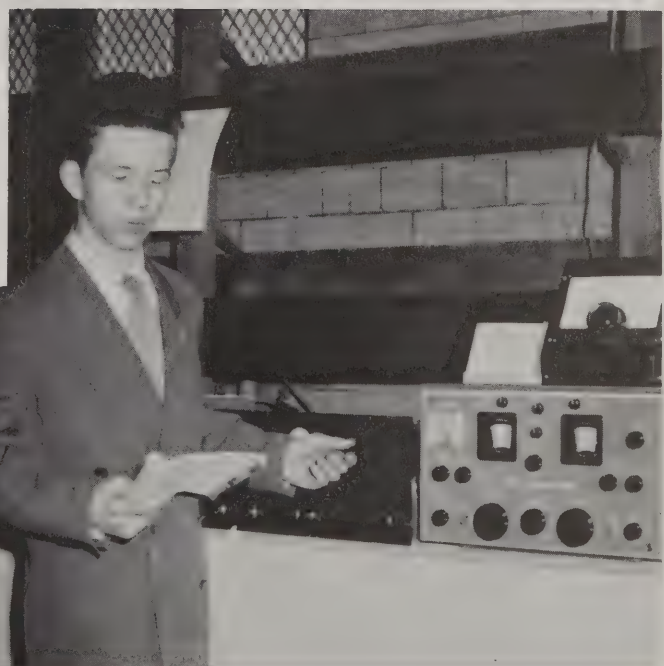

Richard Guertin, second prize in electronics

Fair

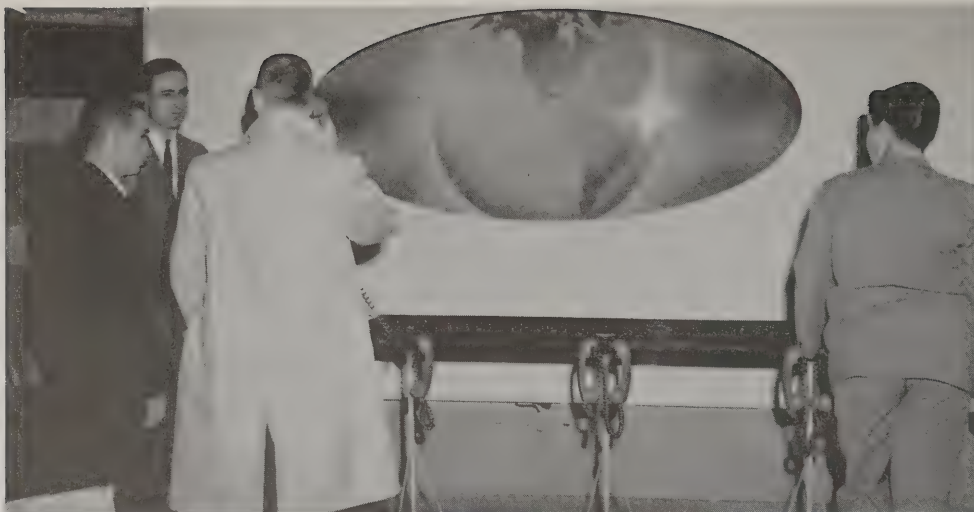

"Single Sideband" by Chris Payne took first prize in electronics with Richard Guertin's "Technical Electronic Computer" taking second prize. Third prize went to Ronald Lemar's "All Band HiFi Transmitter."

The three winners in the last subject, mathematics, were: first, Janice Carver's "Three Dimensional Graph," second, Walter Asp's "The Cycloid," and third, Sue Lawton's "Diadic Number System."

From the Tech Science Fair, the first prize winners and three of the second prize winners took part in the University of Massachusetts Science Fair, from which Cynthia Smith won a first prize, Frank Podosek won a second prize, Dave Collins won a sixth prize, and Arthur Foss, Jr., and Katherine Voelker received honorable mentions.

Technicade

Technicade of 1958

The Technicade, held Friday and Saturday, April 11 and 12, was very impressive to all those who attended. As an added attraction, the winner of Tech's own science fair and the two best junior high school exhibits were displayed in the center of the boys' gym. The various outside exhibitors were: Chapman Valve; Ebsco Inc. of Boston; Gilbert And Barker; Hamilton Standard; International Business Machines Corporation; New England Telephone and Telegraph Co.; Hamden College of Pharmacy; Pratt and Whitney Aircraft; U. S. Armory; Western Mass. Electric Co.; Wico Electric Co.; U. of Mass. School of Engineering; U. of Mass. School of Home Economics; Rensselaer Polytechnic Institute; and Springfield College.

MEMBER?

As we recall memories of our three years at Tech, we will, perhaps, most vividly remember sports events.

Remember the exciting football games with the cheering, the screaming, the crowds? Remember the basketball games and the enjoyment that they brought with them? Do you recall the baseball and soccer games? Surely you must remember our crew, bowling, golf, and track teams.

Remember '57, our freshman year? Tech defeated our oldest rivals Cathedral to gain the City Football Championship. The City Championship Soccer Tournament was won by Tech, and we had the honor of being State Swimming Co-Champs.

1958, our junior year, is said to be the most difficult year in high school. Still, many boys found the time to participate in sports events. Tech, again, beat Cathedral to hold the City Championship in football. Our baseball team played its way to the Western Massachusetts Baseball Championship, and they became State runner-up. The Western Massachusetts Swimming Championship was also added to our list of victories. Our soccer team was active, too, losing only two of their games. Losing but a few of our hockey games proves that our pucksters were in there fighting. A member of our track team broke a standing record for the broad jump at the Tri-School Track Meet, an honor which surely should be remembered. Our track team also won the City Championship.

1958, our last year at Tech, was an excellent year for sports. For the third time in a row, Tech beat Cathedral to remain the City Football Champions. Our soccer team won every one of its games to gain for us The Western Massachusetts Soccer Championship.

Good sportmanship has always been the motto at Tech. Surely, it will remain the same throughout the years to come.

Tech's diamonddeers, as always, did a fine job last season. Led by Coach Bill Lawler, they came through the season with a record of ten wins and five losses. Tech started out the season with a loss, Greenfield 8 - Tech 4, but bounced back and threw Chicopee for a loss, Tech 4 - Chicopee 3.

The next two games were losses to Pittsfield and Holyoke, but only by one point. Then the diamonddeers went to work and really showed their stuff, by winning the next nine games straight, and losing only two more, to Classical by one point, and Cathedral by one point. Finishing up the season, we played against Greenfield and came out with a score of 6-3, favoring Greenfield. Aside from a couple of losses, it was an all-around good season of baseball for Tech.

MEMBER?

Remembering all the good times we've had at Tech brings to mind the things that helped us to enjoy our three years at Tech. The Tech jacket you just had to have, the formal gown for that big prom, the school supplies that your teacher asked you to get — all these you finally managed to find the time and money to purchase. All these things came from friendly merchants in and around the Springfield area. These people helped us through our high school days without much credit, putting up with our whims, desires, and, oh yes, our needs. This year, leafing through the advertising section of our yearbook, we will relive our years at Tech, and, for that reason, we wish to thank the merchants who have donated their time and money to help make our yearbook possible. The advertisements listed on the following pages will also help to serve as buying guides for the future.

Insuring Peace of Mind

Many thoughtful persons make their wills, arrange pensions, annuities, and set up insurance programs in advance of need.

May we suggest it is also wise to pre-arrange funeral service.

A personal call at the Dickinson-Streeter office is treated in strictest confidence.

All questions about funeral requirements are answered; and, if advisable, complete arrangements can be made before the need arises.

“Bank Day” at the TIGER SAVINGS BANK, a Junior Achievement Company, provides the opportunity for Technical High School students to save ahead for the things they need and want.

But the need for saving does not end with graduation. How you handle your money will play an important part in your happiness, for if you spend unwisely, you will find your money gone and your real goals still unattained.

Make this important decision now—that you will save regularly. Tiger bank books may always be used at any S.I.S. office, or we will be glad to open a new book if you have none.
